

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pierre Hennes
DOCKET NO.: 21-54429.001-R-1 through 21-54429.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Pierre Hennes, the appellant, by attorney Jeffrey G. Hertz, of Sarnoff Property Tax in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
21-54429.001-R-1	17-09-113-018-1023	2,035	24,856	\$26,891
21-54429.002-R-1	17-09-113-018-1240	221	2,777	\$2,998

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a residential condominium unit with 1,150 square feet of living area that is approximately 15 years old. The unit is located within a 442-unit condominium and has a combined 0.3924% interest in the common elements of the condominium. Features of the unit include central air conditioning and a 1-car garage parking space. The property has a 32,870 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on December 29, 2020 for a price of \$298,888. The appellant partially completed Section IV of the appeal petition disclosing the property sold using a realtor and was advertised for sale through the Multiple Listing Service

for 106 days, and the sale was not due to foreclosure or by contract for deed. In support of the sale, the appellant submitted copies of a listing sheet and a settlement statement indicating payment of realtors' commissions. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,777. The subject's assessment reflects a market value of \$377,770 or \$328.50 per square foot of living area, land included, when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted a sales analysis based on 123 sales within the subject's condominium. The sales have an aggregate sale price of \$29,057,741 and a combined 28.6824% interest in the common elements of the condominium. Based on these sales, a total value for the condominium of \$101,308,611 was computed and a value for the subject of \$397,535 was computed based on its 0.3924% interest. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Adm.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Adm.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant submitted evidence of a December 2020 sale of the subject and the board of review submitted a sales analysis based on 123 sales within the subject's condominium. The Board finds the best evidence of market value to be the purchase of the subject property in December 2020 for a price of \$298,888. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant disclosed in Section IV of the appeal petition that the property was sold using a realtor, the property had been advertised on the open market with the Multiple Listing Service, and it had been on the market for 106 days. In further support of the transaction the appellant submitted a copy of the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$298,888 as of January 1, 2021. Since market value has been determined the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Adm.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
