

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Moira Simetid
DOCKET NO.: 21-55818.001-R-1
PARCEL NO.: 13-03-316-060-0000

The parties of record before the Property Tax Appeal Board are Moira Simeti, the appellant(s), by attorney Marie Mactal, of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,495
IMPR.: \$35,318
TOTAL: \$47,813

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of masonry construction containing 1,592 square feet of living area. The dwelling is approximately eighty years old. Features of the home include a formal rec room, central air, a fireplace and a one and a half-car garage. The property has is located in Chicago , Jefferson Township, Cook County.

The appellant's appeal is based on overvaluation. The appellant has filed under multiple theories including equity, comparable sales and contention of law. The filing of contention of law was not supported by a legal brief and therefore will not be considered. The appellants other arguments will be considered. In support of those arguments the appellant submitted information on five comparable sales. The comparable properties are described as two-story dwellings of masonry or frame and masonry construction that ranged in size from 1,580 to 2,138 square feet of living area. The dwellings are approximately sixty-one to eighty-one years old. Each comparable is within a quarter miles distance of the subject property. Features of the comparables include a basement, central air conditioning and garages ranging from one to two cars. The comparables range in size from 1,580 to 2,046 square feet of living area. The comparable properties do not include sales information, the information is limited to assessed value. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$38,000.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's total assessment of \$55,813 was disclosed. The subject's assessment reflects a market value of \$558,130 or \$358.58 per square foot of living area, including land, when applying a level of

assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% as determined by the Illinois Department of Revenue.

The board of review presented information on four comparable sales improved with two-story dwellings of masonry or frame and masonry construction that range in size from 1,580 to 2,046 square feet of living area. The dwellings are all two-story. The comparables sold from June 2019 to August 2021 for prices ranging from \$569,900 to \$790,000 or from \$350.55 to \$392.25 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is/is not warranted.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002); 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. (86 Ill.Admin.Code §1910.65(c)). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the appellant's/board of review comparables are most similar to the subject in location, size, style, exterior construction, features, age and land area. These properties also sold most proximately in time to the assessment date at issue. Due to the similarities to the subject, these comparables received the most weight in the Board's analysis. Based on this record the Board finds the appellant did demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
