

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Mounsef
DOCKET NO.: 21-55846.001-R-1
PARCEL NO.: 13-12-310-009-0000

The parties of record before the Property Tax Appeal Board are George Mounsef, the appellant(s), by attorney Marie Mactal, of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,500
IMPR.: \$32,976
TOTAL: \$43,476

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of frame construction with 3,435 square feet of living area. The dwelling is approximately one hundred and six years old. Features of the home include a full basement, central air conditioning, two living units in the dwelling and a one-car garage. The property is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The appellant also filed under theories of contention of law and comparable sales. No brief accompanied the filing as required to seek relief under a contention of law argument and no sales information was included to support the recent sales approach, so the matter will be addressed as an assessment equity matter. In support of this argument the appellant submitted information on five equity

comparables. Each of the comparables are of frame construction and vary between, one and a half and two-story. They vary in dwelling units and number of garage spaces. They range in size from 2,856 to 3,096 square feet of living area; and in improvement assessment from \$14,064 to \$19,010 or \$4.54 to \$6.69 per square foot of living area. The appellant comparables range in distance to the subject property from .6 to 1.5 miles. The appellant is seeking a reduction in total assessment to \$29,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,476. The subject property has an improvement assessment of \$32,976 or \$9.60 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Each of the properties are two-story of frame construction between two and three story. They range in size from 3,136 to 3,396 square feet of living area; and in improvement assessment from \$33,960 to \$61,000 or \$10.00 to \$19.48 per square foot of living area. Three of the four board comparables included sales information from March of 2019 to September 2020 for amounts ranging from \$487,000 to \$627,800. They range in improvement assessment from \$33,960 to \$61,100 or \$10.00 to \$19.48 per square foot of living space. The board of review comparables range in distance to the subject property from the same block to the same subarea, the board is seeking no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *board of review comparables one through four*. These comparables had improvement assessments that ranged from \$10.00 to \$19.48 per square foot of living area. The subject improvement assessment of \$9.60 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
