

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: MARK MIKOWSKI
DOCKET NO.: 21-58135.001-R-1
PARCEL NO.: 08-22-204-018-0000

The parties of record before the Property Tax Appeal Board are MARK MIKOWSKI, the appellant(s), by attorney Herbert B. Rosenberg, of Rock Fusco & Connelly, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,697
IMPR.: \$30,306
TOTAL: \$33,003

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-unit dwelling of masonry construction with 5,001 square feet of living area. The dwelling was 43 years old. Features of the home include a slab foundation. The property has a 2,569 square foot site and is located in Mount Prospect, Elk Grove Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on eight class 2-11 equity comparable properties with varying degrees of similarities to the subject which are located within a 4,480-foot radius of the subject. The improvements ranged: in age from 27 to 46 years; in size from 5,686 to 6,438 square feet of living area; and in improvement assessment from \$3.94 to \$6.44 pre square foot of living area. Appellant disclosed that this is not an owner-occupied residence. The appellant

argued that Pace Realty Group, Inc. v. Property Tax Appeal Board, 306 Ill.App.3d 718 (2d Dist. 1999) precludes the Board from considering comparables located within the subject's development and which are assessed at the same contested assessment. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,159. The subject property has an improvement assessment of \$42,462 or \$8.49 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four class 2-11 equity comparable properties with varying degrees of similarities to the subject which are located within a different neighborhood code than the subject, are located in the same association as the subject, and for which the board of review did not provide proximity to the subject. The improvements were 41 years old, had 4,935 square feet of living area, and had improvement assessments of \$9.49 or \$9.58. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant relies on an Illinois Appellate Court decision that states:

Although we acknowledge that the [Board] is in the best position to determine what properties are truly comparable, we nonetheless believe that the [Board] errs as a matter of law when it selects as a comparable a parcel of property which has also received the same contested assessment. Conducting uniformity analysis in such a manner will lead to absurd results and will render the assessment appeal process meaningless.

Pace Realty, 306 Ill.App.3d at 728. In the instant appeal, the Board finds that the board of review's equity comparables "received the same contested assessment" as the subject. The board of review's equity comparables were all located within the subject's association. As such, the Board finds that Pace Realty precludes the Board from considering the board of review's equity comparables in determining whether the subject is equitably assessed.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2, and #5. These comparables were similar to the subject in age, no central air conditioning, and no garage. These comparables were larger than the subject in square feet of living area. Two of these comparables had the same number of bathrooms as the subject and had full basements compared to subject's slab foundation. The other had six half bathrooms more than the subject

but like the subject had no basement. These comparable properties were similar to the subject and had improvement assessments that ranged from \$5.80 to \$6.26 per square foot of living area. The subject's improvement assessment of \$8.49 per square foot of living area falls above the range established by the best comparable properties in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
