

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Surjit Grewal
DOCKET NO.: 21-58474.001-R-1
PARCEL NO.: 29-11-326-002-0000

The parties of record before the Property Tax Appeal Board are Surjit Grewal, the appellant(s), by attorney Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,000
IMPR.: \$22,914
TOTAL: \$25,914

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an 8,000 square foot parcel of land improved with a 47-year-old, three-story, masonry, multi-family dwelling containing 6,078 square feet of building area. The property is located in Dolton, Thornton Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted data on three suggested comparables located within 1.51 miles of the subject. These comparables are described as three-story, masonry, multi-family dwellings. They range in age from 46 to 55 years and in size from 5,669 to 6,384 square feet of building area. They sold from November 2020 to August 2021 for prices ranging from \$38.70 to \$41.95 per square foot of building area. The petition discloses the subject is not an owner-occupied residence.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of \$33,362 which reflects a market value of \$333,620 or \$54.89 per square foot of building area using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of the current assessment, the board of review submitted data on three suggested comparables with sales information on one. This comparable is a three-story, masonry, multi-family dwelling. It is 50 years old, contains 5,848 square feet of building area, and sold in September 2021 for \$60.02 per square foot of building area.

In rebuttal, the appellant submitted a letter arguing that the board of review's comparable #1 is not comparable as it has a basement. In addition, the appellant argued that the board of review did not address the appellant's comparables and submitted a grid of all the comparables. The appellant argues the median price should be used.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparables and the board of review's comparable #1. These comparables from November 2020 to September 2021 for prices ranging from \$38.70 and \$60.02 per square foot of building area. In comparison, the subject's assessment reflects a market value of \$54.89 per square foot of building area which is within the range of these comparables. However, the Board finds the appellant's comparable #2 is the most similar to the subject in size and the subject should be assessed closer to this comparable. After making adjustments to the comparables for the subject's pertinent characteristics the Board finds the subject's market value based on the current assessment is supported. Therefore, the Board finds the appellant has proven by a preponderance of the evidence that the subject was overvalued, and a reduction is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
