

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tina Alexander
DOCKET NO.: 21-58830.001-C-1
PARCEL NO.: 23-24-110-021-0000

The parties of record before the Property Tax Appeal Board are Tina Alexander, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,238
IMPR.: \$11,012
TOTAL: \$31,250

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 6,746 square foot parcel of land improved with a 31-year-old, one-story, masonry, auto repair, commercial building containing 2,100 square feet of building area. The property is located in Palos Hills, Palos Township, Cook County and is classified as a class 5 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal which estimated the subject's market value as of January 1, 2020, of \$125,000. The appraiser inspected the subject on October 6, 2020. The appraiser utilized the income and sales comparison approaches to value to estimate the subject's market value. The appraiser opined the highest and best use of the property as improved is as an auto repair facility.

Under the income approach, the appraiser analyzed six comparables to arrive at a rental rate of \$12.00 per square foot for a potential gross income of \$25,200. The appraiser applied a vacancy and collection rate of 15% to arrive at an effective gross income of \$21,420. Expenses were estimated at \$11,221 to arrive at a net operating income of \$10,199.

In determining a capitalization rate (cap rate), the appraiser utilized the band of investment method and reviewed surveys to estimate a cap rate of 9% which was loaded to 10% to arrive at a value for the subject under the income approach of \$125,000, rounded.

Under the sales comparison approach, the appraiser analyzed eight sales in arriving at the estimate of value. The sales properties are described as one-story, concrete or masonry, auto repair, commercial buildings ranging in size from 2,600 to 6,900 square feet of building area. They sold from August 2017 to May 2020 for prices ranging from \$10.87 to \$65.79 per square foot. After making adjustments for pertinent factors, the appraiser opined a value for the subject under the sales comparison approach of \$60.00 per square foot or \$125,000, rounded.

In reconciling the approaches, the appraiser utilized the sales comparison approach along with the income approach to estimate a value for the subject as of January 1, 2020 of \$125,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of \$39,375 which reflects a market value of \$157,500 using the Cook County Real Estate Classification Ordinance level of assessment for class 5 property of 25%.

In support of the assessment, the board of review submitted four sales comparables. These comparables are described as one-story, masonry, auto repair, commercial buildings containing from 1,800 to 3,850 square feet of building area. They sold from March 2018 to September 2020 for prices ranging of \$116.88 to \$216.67 per square foot of building area.

In rebuttal, the appellant submitted a letter addressing the board of review's comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The appellant's appraiser utilized the income and sales comparison approaches to value in determining the subject's market value. The current assessment reflects a market value above this value. The Board finds this appraisal to be persuasive because the appraisal discloses that the appraiser inspected the subject, reviewed the property's history, and used similar properties in the income and sales comparison approaches. Therefore, the Board finds the subject property's market value of \$125,000 as of the assessment date at issue. Since market value has been established the Cook County Real Estate Classification Ordinance level of assessment for class 5 property of 25% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
