

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Gloe
DOCKET NO.: 22-00076.001-R-1
PARCEL NO.: 16-22-402-029

The parties of record before the Property Tax Appeal Board are David Gloe, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$66,662
IMPR.: \$63,685
TOTAL: \$130,347

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 1,355 square feet of living area. The dwelling was constructed in 1954 and has an effective age of 1964. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 312 square foot garage. The property has an approximately 12,000 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 1-story dwellings of brick or wood siding exterior construction ranging in size from 1,296 to 1,408 square feet of living area. The homes were built from 1951 to 1956 and range in effective age from 1953 to 1970. Each comparable has a basement with

finished area, central air conditioning and one or two fireplaces. Four comparables each have a garage ranging in size from 253 to 351 square feet of building area. The comparables have improvement assessments that range from \$54,357 to \$61,688 or from \$41.94 to \$46.59 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$59,051 or \$43.58 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$136,446. The subject has an improvement assessment of \$69,784 or \$51.50 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story dwellings of brick or wood siding exterior construction that range in size from 1,080 to 1,260 square feet of living area. The homes were built from 1951 to 1959 with effective ages ranging from 1951 to 1979. Each comparable has a basement with finished area, central air conditioning and a garage ranging in size from 264 to 504 square feet of building area. Two homes each have one fireplace. The comparables have improvement assessments that range from \$52,882 to \$70,128 or from \$48.96 to \$55.66 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #5 which lacks a garage amenity when compared to the subject and other properties in the record. The Board gives less weight to the board of review comparables which are less similar to the subject in dwelling size and/or effective age than other comparables in the record.

The Board finds the best evidence of assessment equity to be appellant comparables #1, #2, #3 and #4 which are more similar to the subject in location, age/effective age, design, dwelling size and other features. These comparables have improvement assessments that range from \$54,357 to \$61,688 or from \$41.94 to \$46.59 per square foot of living area. The subject's improvement assessment of \$69,784 or \$51.50 per square foot of living area falls above the range established by the best comparables in this record on both an overall basis as well as a per square foot basis. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
