

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sadia Victor
DOCKET NO.: 22-00079.001-R-1
PARCEL NO.: 09-25-208-011

The parties of record before the Property Tax Appeal Board are Sadia Victor, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,959
IMPR.: \$95,585
TOTAL: \$108,544

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 2,474 square feet of living area. The dwelling was constructed in 2004. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 506 square foot garage. The property has an approximately 5,320 square foot site and is located in Wauconda, Wauconda Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of vinyl or wood siding exterior construction ranging in size from 2,588 to 2,952 square feet of living area. The homes were built from 1928 to 2006 where the oldest comparable has an effective age of 1995. Each comparable

has a basement, with two having finished area. Each dwelling has central air conditioning and a garage ranging in size from 506 to 775 square feet of building area. One home has a fireplace. The comparables have improvement assessments that range from \$85,936 to \$94,940 or from \$30.92 to \$36.68 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$84,116 or \$34.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,544. The subject has an improvement assessment of \$95,585 or \$38.64 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. Board of review comparable #3 is the same property as appellant comparable #1. The comparables are improved with two-story dwellings of vinyl siding or composite and brick exterior construction that range in size from 1,952 to 3,056 square feet of living area. The homes were built from 2003 to 2006. Each comparable has a basement with finished area, central air conditioning and a garage ranging in size from 400 to 506 square feet of building area. Three homes each have one fireplace. The comparables have improvement assessments that range from \$84,681 to \$122,120 or from \$36.68 to \$44.23 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six equity comparables for the Board's consideration, as one property was common to both parties. The Board gives less weight to appellant comparables #2 and #3 along with board of review comparables #1 and #4 which are less similar to the subject in dwelling size, age/effective age and/or lack a finished basement like the subject.

The Board finds the best evidence of assessment equity to be appellant comparable #1 and board of review comparables #2 and #3, including the common property, which are similar to the subject in location, age, design, dwelling size and other features. These two comparables have improvement assessments of \$84,681 and \$94,940 or for \$36.68 and \$40.40 per square foot of living area. The subject's improvement assessment of \$95,585 or \$38.64 per square foot of living area falls just above the two best comparables in this record on an improvement assessment basis and is bracketed by the two best comparables on a per square foot basis. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the

subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
