

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Heidi Cohen  
DOCKET NO.: 22-00097.001-R-1  
PARCEL NO.: 15-33-116-017

The parties of record before the Property Tax Appeal Board are Heidi Cohen, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$39,279  
**IMPR.:** \$148,574  
**TOTAL:** \$187,853

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 3,045 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement with finished area, central air conditioning and a 484 square foot garage. The property has an approximately 9,450 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 3,045 to 3,077 square feet of living area and each built in 1989. Each comparable has a basement with finished area, central air conditioning, one fireplace and a garage with either

462 or 484 square feet of building area. Comparable #1 has an inground swimming pool. The comparables have improvement assessments that range from \$111,476 to \$146,391 or from \$36.42 to \$47.58 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$135,114 or \$43.91 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$187,853. The subject has an improvement assessment of \$148,574 or \$48.79 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame or brick and frame exterior construction ranging in size from 3,045 to 3,077 square feet of living area and built in 1989. Each comparable has a basement, with two having finished area. Each dwelling has central air conditioning and a garage with either 462 or 484 square feet of building area. Four homes each have one or two fireplaces and comparable #3 has an enclosed porch. The comparables have improvement assessments that range from \$145,910 to \$154,228 or from \$47.67 to \$50.38 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #1 which has an inground swimming pool unlike the subject. The Board gives less weight to board of review comparables #1, #4 and #5 which have unfinished basements in contrast to the subject's finished basement.

The Board finds the best evidence of assessment equity to be appellant comparables #2, #3 and #4 along with board of review comparables #2 and #3 which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$141,195 to \$154,228 or from \$46.37 to \$50.38 per square foot of living area. The subject's improvement assessment of \$148,574 or \$48.79 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
