

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alex Tagerman
DOCKET NO.: 22-00110.001-R-1
PARCEL NO.: 16-32-412-023

The parties of record before the Property Tax Appeal Board are Alex Tagerman, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$75,909
IMPR.: \$207,994
TOTAL: \$283,903

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 4,554 square feet of living area. The dwelling was built in 1995. Features of the home include a concrete slab foundation, central air conditioning, one fireplace, and a 692 square foot garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same assessment neighborhood code as the subject property and within 0.14 of a mile from the subject. The comparables are improved with 2-story dwellings of brick and wood siding exterior construction ranging in size from 4,500 to 4,890 square feet of living area. The dwellings were built from 1994 to 1996. Each comparable is reported to have a

concrete slab foundation¹, central air conditioning, one fireplace, and a garage ranging in size from 660 to 744 square feet of building area. The comparables have improvement assessments that range from \$191,901 to \$219,504 or from \$42.64 to \$44.89 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$195,822 or \$43.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$283,903. The subject property has an improvement assessment of \$207,994 or \$45.67 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.12 of a mile from the subject. Board of review comparable #2 is the same property as the appellant's comparable #2. The comparables are improved with 2-story dwellings of brick and wood siding exterior construction ranging in size from 4,259 to 5,063 square feet of living area. The dwellings were built from 1995 to 1998. Each comparable is reported to have a concrete slab foundation, central air conditioning, one or two fireplaces, and a garage ranging in size from 682 to 744 square feet of building area. The comparables have improvement assessments that range from \$198,187 to \$232,737 or from \$44.89 to \$48.49 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables, which includes one comparable shared by the parties, for the Board's consideration. The Board gives less weight to board of review comparable #1 which is less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in location, design, age, dwelling size, and features. These comparables have improvement assessments that range from \$191,901 to \$219,504 or from \$42.64 to \$48.49 per square foot of living area. The subject's improvement assessment of \$207,994 or \$45.67 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best

comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
