

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew McCue
DOCKET NO.: 22-00115.001-R-1
PARCEL NO.: 10-25-231-006

The parties of record before the Property Tax Appeal Board are Andrew McCue, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,706
IMPR.: \$55,072
TOTAL: \$69,778

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick and vinyl siding exterior construction with 1,008 square feet of living area. The dwelling was constructed in 1959. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a garage with 440 square feet of building area. The property has an approximately 8,830 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same neighborhood code as the subject property and within 0.86 of a mile from the subject. The properties are improved with 1-story dwellings of brick, wood siding, or vinyl siding exterior construction ranging in size from 1,066 to 1,200 square feet of living area. The homes were built from 1955 to 1968 with one of the oldest homes having a reported effective age of 1966. Each comparable has a basement with finished area, central air

conditioning, and a garage ranging in size from 299 to 572 square feet of building area. One comparable has one fireplace. These comparables have improvement assessments ranging from \$54,795 to \$63,549 or from \$48.71 to \$53.68 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$52,416 or \$52.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,778. The subject property has an improvement assessment of \$55,072 or \$54.63 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.54 of a mile from the subject. The properties are improved with 1-story dwellings of brick, wood siding, or vinyl siding exterior construction with either 999 or 1,008 square feet of living area. The homes were built from 1954 to 1958. Each comparable has a basement with four having finished area, central air conditioning, and a garage ranging in size from 396 to 667 square feet of building area. One comparable has one fireplace. These comparables have improvement assessments ranging from \$54,243 to \$57,347 or from \$53.81 to \$57.40 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds that the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten equity comparables submitted by both parties to support their respective positions. The Board finds the parties' comparables to be relatively similar to the subject in location, design, age, dwelling size, and most features. The parties comparables have improvement assessments ranging from \$54,795 to \$63,549 or from \$48.71 to \$57.40 per square foot of living area. The subject's improvement assessment of \$55,072 or \$54.63 per square foot of living area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant failed to demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
