

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bo Yu
DOCKET NO.: 22-00149.001-R-1
PARCEL NO.: 15-16-304-046

The parties of record before the Property Tax Appeal Board are Bo Yu, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,555
IMPR.: \$130,209
TOTAL: \$179,764

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of wood siding exterior construction with 2,549 square feet of living area. The dwelling was built in 1991. Features of the home include a partially finished basement, central air conditioning, one fireplace, and a garage with 420 square feet of building area. The property has an approximately 19,910 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the subject's assessment neighborhood and within 0.79 of a mile from the subject. The properties are improved with 2-story dwellings of frame exterior construction with either 2,517 or 2,533 square feet of living area. The homes were built in either 1988 or 1989. Each comparable has a partially finished basement, central air conditioning, one or two

fireplaces, and a garage with 420 square feet of building area. These comparables have improvement assessments ranging from \$118,050 to \$126,024 or from \$46.90 to \$50.06 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$126,175 or \$49.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$179,764. The subject property has an improvement assessment of \$130,209 or \$51.08 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the subject's assessment neighborhood and within 0.66 of a mile from the subject. The properties are improved with 2-story dwellings of wood siding exterior construction ranging in size 2,517 to 2,714 square feet of living area. The dwellings were built in either 1990 or 1991. The comparables each have a basement with one having finished area. Each comparable has central air conditioning, one fireplace, and a garage with either 420 or 651 square feet of building area. These comparables have improvement assessments ranging from \$129,959 to \$168,130 or from \$50.98 to \$61.95 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine equity comparables submitted by the parties to support their respective positions. The Board gives less weight to board of review comparable #3 which is less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in location, design, age, dwelling size, and some features. However, two of these comparables lack basement finish, a feature of the subject, suggesting upward adjustments for this difference would be necessary to make them more equivalent to the subject. The more similar comparables have improvement assessments ranging from \$118,050 to \$136,548 or from \$46.90 to \$54.25 per square foot of living area. The subject's improvement assessment of \$130,209 or \$51.08 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
