

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jesse Davis
DOCKET NO.: 22-00166.001-R-1
PARCEL NO.: 02-36-404-003

The parties of record before the Property Tax Appeal Board are Jesse Davis, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,463
IMPR.: \$78,573
TOTAL: \$95,036

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,748 square feet of living area. The dwelling was constructed in 1998. Features of the home include a basement with 1,311 square feet of finished area, central air conditioning, a fireplace and a 400 square foot garage. The property has an approximately 10,020 square foot site and is located in Lindenhurst, Lake Villa Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of wood siding exterior construction ranging in size from 1,748 to 1,943 square feet of living area. The dwellings were built in 1998 or 1999. The comparables each have a basement with 583 to 1,457 square feet of finished area, central air

conditioning and a garage ranging in size from 400 to 600 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments that range from \$72,777 to \$80,112 or from \$37.87 to \$42.73 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$72,804 or \$41.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$95,036. The subject property has an improvement assessment of \$78,573 or \$44.95 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on seven equity comparables that have the same assessment neighborhood code as the subject. The board of review's comparable #2 is the same property as the appellant's comparable #2. The comparables are improved with one-story dwellings of wood siding or brick exterior construction containing either 1,748 or 1,943 square feet of living area. The dwellings were built from 1998 to 2000. The comparables each have a basement with 1,311 or 1,457 square feet of finished area. Each comparable has central air conditioning and a garage ranging in size from 400 to 772 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments that range from \$74,698 to \$87,824 or from \$42.73 to \$45.20 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten suggested equity comparables for the Board's consideration, as one comparable was common to both parties. The Board finds all the comparables are similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments ranging from \$72,777 to \$87,824 or from \$37.87 to \$45.20 per square foot of living area. The subject's improvement assessment of \$78,573 or \$44.95 per square foot of living area falls within the range established by the comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
