

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Russo
DOCKET NO.: 22-00191.001-R-1
PARCEL NO.: 15-29-102-027

The parties of record before the Property Tax Appeal Board are Steven Russo, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,411
IMPR.: \$105,167
TOTAL: \$131,578

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,080 square feet of living area. The dwelling was constructed in 1977. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 440 square foot garage. The property has a 6,630 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within .63 of a mile from the subject property. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 2,048 to 2,103 square feet of living area. The dwellings were built from 1977 to 1979. Each comparable has a basement with

finished area, central air conditioning and a garage containing either 440 or 462 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$87,653 to \$97,284 or from \$41.68 to \$46.77 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$95,894 or \$46.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$131,578. The subject property has an improvement assessment of \$105,167 or \$50.56 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction ranging in size containing either 2,048 or 2,080 square feet of living area. The dwellings were built from 1977 to 1980. Each comparable has a basement with finished area, central air conditioning, a fireplace and a garage containing 440 square feet of building area. The comparables have improvement assessments ranging from \$105,313 to \$106,913 or from \$50.63 to \$52.20 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten suggested equity comparables for the Board's consideration. The Board finds all the comparables are similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments that range from \$87,653 to \$106,913 or from \$41.68 to \$52.20 per square foot of living area. The subject's improvement assessment of \$105,167 or \$50.56 per square foot of living area falls within the range established by the comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
