

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marcia Skolink  
DOCKET NO.: 22-00197.001-R-1  
PARCEL NO.: 16-20-403-034

The parties of record before the Property Tax Appeal Board are Marcia Skolink, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$59,811  
**IMPR.:** \$171,204  
**TOTAL:** \$231,015

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,549 square feet of living area. The dwelling was constructed in 1968. Features of the home include a basement, central air conditioning, a fireplace and a 484 square foot garage. The property has a 12,000 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within .19 of a mile from the subject property. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 3,506 to 3,581 square feet of living area. The dwellings were built from 1967 to 1970. Each comparable has a basement, central air conditioning, a fireplace and a garage containing either 484 or 528 square feet of building area.

The comparables have improvement assessments ranging from \$162,091 to \$164,678 or from \$45.37 to \$46.91 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$163,254 or \$46.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$231,015. The subject property has an improvement assessment of \$171,204 or \$48.24 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within .11 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,569 to 3,671 square feet of living area. The dwellings were built in 1968 or 1969. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 484 to 552 square feet of building area. The comparables have improvement assessments ranging from \$181,368 to \$187,846 or from \$50.82 to \$51.56 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board finds all the comparables are similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments that range from \$162,091 to \$187,846 or from \$45.37 to \$51.56 per square foot of living area. The subject's improvement assessment of \$171,204 or \$48.24 per square foot of living area falls within the range established by the comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
