

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bernice Mosion
DOCKET NO.: 22-00248.001-R-1
PARCEL NO.: 16-31-110-004

The parties of record before the Property Tax Appeal Board are Bernice Mosion, the appellant, by attorney Anthony DeFrenza, of the Law Office of DeFrenza & Mosconi PC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$81,199
IMPR.: \$132,896
TOTAL: \$214,095

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,819 square feet of living area. The dwelling was built in 1994 and is approximately 28 years old. Features of the home include an unfinished basement, central air conditioning, and a 500 square foot garage. The property has a 0.23 acre site and is located in Riverwoods, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables¹ located in the same assessment neighborhood code as the subject property and within 0.12 of a mile from the subject. The comparables are improved with 2-story dwellings of

¹ The appellant's brief indicated six comparable properties closest to the subject were selected for this appeal; however, the Board finds only four comparable properties were presented by the appellant into evidence.

wood siding exterior construction ranging in size from 2,708 to 2,740 square feet of living area. The dwellings are either 26 or 28 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage with either 528 or 650 square feet of building area. The comparables have improvement assessments that range from \$73,177 to \$90,832 or from \$26.89 to \$33.15 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$89,362 or \$31.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$214,095. The subject property has an improvement assessment of \$132,896 or \$47.14 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information in two grid analyses on ten equity comparables located within 0.35 of mile from the subject, each of which has the same assessment neighborhood code as the subject property. For clarity in this record, the five comparables in the second grid analysis were renumbered #6 through #10 in the order in which they were presented. The comparables are improved with 2-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,654 to 3,063 square feet of living area. The dwellings were built from 1994 to 1998. The comparables each have a basement, one of which has finished area. Each comparable has central air conditioning, and a garage ranging in size from 589 to 660 square feet of building area. Eight comparables each have one fireplace. The comparables have improvement assessments that range from \$142,011 to \$164,596 or from \$47.48 to \$56.47 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of fourteen suggested equity comparables for the Board's consideration. The Board finds the parties' comparables to be similar to the subject in location, design, age, dwelling size, and most features. However, board of review comparable #5 has 146 square feet of basement finished area, suggesting a downward adjustment for this difference would be required to make it more equivalent to the subject. These comparables have improvement assessments that range from \$73,177 to \$164,596 or from \$26.89 to \$56.47 per square foot of living area. The subject's improvement assessment of \$132,896 or \$47.14 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
