

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David M. Stenberg  
DOCKET NO.: 22-00275.001-R-1  
PARCEL NO.: 15-21-215-003

The parties of record before the Property Tax Appeal Board are David M. Stenberg, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$43,687  
**IMPR.:** \$148,965  
**TOTAL:** \$192,652

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,243 square feet of living area. The dwelling was built in 1996. Features of the home include an unfinished basement, central air conditioning, and a 506 square foot garage. The property has an approximately 13,070 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the subject's assessment neighborhood. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,414 to 3,877 square feet of living area. The comparables were each built in 1996 with comparables #1 and #2 have reported effective ages of 1997. The comparables each have a basement, with one having

finished area. Each comparable has central air conditioning and a garage ranging in size from 483 to 836 square feet of building area. Two comparables each have one or two fireplaces. Comparable #4 has an inground swimming pool. The comparables have improvement assessments that range from \$153,494 to \$171,213 or from \$43.55 to \$44.96 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$143,081 or \$44.12 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$192,652. The subject property has an improvement assessment of \$148,965 or \$45.93 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the subject's assessment neighborhood. The comparables are improved with 2-story dwellings of frame exterior construction with either 3,228 or 3,243 square feet of living area. The homes were built from 1996 to 1998. Each comparable has an unfinished basement, central air conditioning, and a garage ranging in size from 506 to 713 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$150,469 to \$155,616 or from \$46.40 to \$47.99 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 due to differences from the subject in dwelling size, basement finish, and/or inground swimming pool amenity.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$150,469 to \$155,616 or from \$43.55 to \$47.99 per square of living area. The subject's improvement assessment of \$148,965 or \$45.93 per square foot of living area falls below the range established by the best comparables in this record on an overall improvement assessment basis but within the range on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
