

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Rock
DOCKET NO.: 22-00570.001-R-1
PARCEL NO.: 07-30-111-014

The parties of record before the Property Tax Appeal Board are Michael Rock, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,795
IMPR.: \$153,252
TOTAL: \$169,047

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,208 square feet of living area. The dwelling was constructed in 2003 and is approximately 19 years old. Features of the home include a crawl space foundation, central air conditioning, one fireplace, and a 690 square foot garage. The property has an approximately 6,072 square foot site and is located in Grayslake, Warren Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 1,920 to 2,124 square feet of living area. The homes range in age from 22 to 32 years old. One comparable has an unfinished basement and three comparables each have a crawl space

foundation. Each comparable has central air conditioning and a garage ranging in size from 440 to 720 square feet of building area. Two comparables each have one fireplace. The comparables have improvement assessments that range from \$110,768 to \$135,568 or from \$55.05 to \$63.83 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$128,284 or \$58.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$169,047. The subject has an improvement assessment of \$153,252 or \$69.41 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,160 to 2,220 square feet of living area. The homes were built in either 1999 or 2005. Each comparable has a crawl space foundation, central air conditioning, and a garage ranging in size from 552 to 616 square feet of building area. One comparable has one fireplace. The comparables have improvement assessments that range from \$144,209 to \$150,970 or from \$66.00 to \$69.89 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 which has a basement foundation, unlike the subject.

The Board finds the best evidence of assessment equity to be parties' remaining comparables which are similar to the subject in location, age, design, dwelling size, foundation type, and other features. These most similar comparables have improvement assessments that range from \$110,768 to \$150,970 or from \$55.05 to \$69.89 per square foot of living area. The subject's improvement assessment of \$153,252 or \$69.41 per square foot of living area falls above the range established by the best comparables in this record on an overall improvement assessment basis but within the range on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
