

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ling Zhong
DOCKET NO.: 22-00585.001-R-1
PARCEL NO.: 14-15-305-007

The parties of record before the Property Tax Appeal Board are Ling Zhong, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,094
IMPR.: \$183,249
TOTAL: \$231,343

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,438 square feet of living area. The dwelling was constructed in 2014 and is approximately 8 years old. Features of the home include an unfinished walkout basement, central air conditioning, one fireplace, and a garage with 672 square feet of building area. The property has an approximately 19,410 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the subject's assessment neighborhood code. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,769 to 3,942 square feet of living area. The dwellings range in age from 8 to 14 years old. The

comparables each have an unfinished basement, one of which was described as a walkout style. Each comparable has central air conditioning and a garage ranging in size from 441 to 859 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$130,566 to \$190,599 or from \$43.40 to \$48.60 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$161,242 or \$46.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$231,343. The subject property has an improvement assessment of \$183,249 or \$53.30 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the subject's assessment neighborhood code. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 3,440 to 3,633 square feet of living area. The dwellings were built in either 2014 or 2015 and thus would be approximately 7 or 8 years old. The comparables each have an unfinished basement, three of which are described as either a walkout or lookout style. Each comparable has central air conditioning and a garage ranging in size from 660 to 716 square feet of building area. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$196,532 to \$205,704 or from \$56.10 to \$58.22 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #3 which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the board of review comparables which are similar to the subject in location, design, age, dwelling size, and features. The comparables have improvement assessments ranging from \$163,779 to \$205,704 or from \$48.60 to \$58.22 per square foot of living area. The subject's improvement assessment of \$183,249 or \$53.30 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
