

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Malinda Sanborn
DOCKET NO.: 22-00589.001-R-1
PARCEL NO.: 14-33-403-009

The parties of record before the Property Tax Appeal Board are Malinda Sanborn, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,381
IMPR.: \$157,486
TOTAL: \$196,867

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,501 square feet of living area. The dwelling was constructed in 1976 and is approximately 46 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a garage with 754 square feet of building area. The property has an approximately 37,888 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the subject's assessment neighborhood code. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,057 to 3,278 square feet of living area. The dwellings are either 45 or 46 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage with either 725

or 754 square feet of building area. The comparables have improvement assessments ranging from \$114,410 to \$125,002 or from \$37.43 to \$38.13 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$132,425 or \$37.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$196,867. The subject property has an improvement assessment of \$157,486 or \$44.98 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the subject's assessment neighborhood code. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,297 to 3,753 square feet of living area. The dwellings were built in either 1976 or 1977 and thus would be approximately 45 or 46 years old. Comparable #1, the oldest home, has a reported effective age of 1978. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage with 754 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments ranging from \$150,658 to \$167,523 or from \$41.71 to \$47.52 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board gives less weight to board of review comparable #3 which has an inground swimming pool, unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, and features. The comparables have improvement assessments ranging from \$114,410 to \$167,523 or from \$37.43 to \$47.52 per square foot of living area. The subject's improvement assessment of \$157,486 or \$44.98 per square foot of living area falls within the range established by the most similar comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
