

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Papierniak
DOCKET NO.: 22-00590.001-R-1
PARCEL NO.: 14-33-407-018

The parties of record before the Property Tax Appeal Board are Robert Papierniak, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,669
IMPR.: \$140,733
TOTAL: \$186,402

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story, ranch-style dwelling of brick exterior construction with 2,876 square feet of living area. The dwelling was constructed in 1988 and is approximately 34 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and an attached 682 square foot garage. The property has an approximately 44,700 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable properties that are located in the subject's assessment neighborhood code and from 1.33 to 2.03 miles from the subject. The comparables are improved with 1-story, ranch-style dwellings of wood siding or brick exterior construction ranging in size from 2,570 to 2,932 square feet of living area. The dwellings are either 37 or 44 years old. The comparables each

have an unfinished basement, one of which is described as a walkout. Each comparable has central air conditioning, one fireplace, and a garage ranging in size from 483 to 828 square feet of building area. The comparables have improvement assessments ranging from \$92,708 to \$120,916 or from \$36.07 to \$42.32 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$186,402. The subject property has an improvement assessment of \$140,733 or \$48.93 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on six comparable properties that are located in the subject's assessment neighborhood code and from 0.50 of a mile to 2.14 miles from the subject. The comparables are improved with 1-story, ranch-style dwellings of wood siding, brick, or brick and wood siding exterior construction ranging in size from 2,624 to 2,932 square feet of living area. The dwellings were built from 1980 to 1989 and thus would range in age from approximately 33 to 42 years old. Comparable #1 which was built in 1985 has a reported effective age of 1991. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 529 to 837 square foot garage. The comparables have improvement assessments ranging from \$137,111 to \$141,075 or from \$48.08 to \$53.05 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten comparable properties for the Board's consideration, only one of which is located within a mile from the subject. Nevertheless, the Board finds the parties' comparables to be similar to the subject in design, age, dwelling size, and most features. The comparables have improvement assessments ranging from \$92,708 to \$141,075 or from \$36.07 to \$53.05 per square foot of living area. The subject's improvement assessment of \$140,733 or \$39.47 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
