

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sandra Morrissey
DOCKET NO.: 22-00616.001-R-1
PARCEL NO.: 11-08-310-010

The parties of record before the Property Tax Appeal Board are Sandra Morrissey, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$73,844
IMPR.: \$222,147
TOTAL: \$295,991

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding and brick construction with 3,603 square feet of living area.¹ The dwelling was constructed in 2010 and is approximately 12 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 713 square foot garage.² The property has an approximately 19,179 square foot site and is located in Libertyville, Libertyville Township, Lake County.

¹ The parties differ as to the size of the subject dwelling. The Board finds the best evidence of size is found in the subject's property record card provided by the board of review, which contained a schematic diagram and dimensions of the dwelling.

² The Multiple Listing Service (MLS) sheet associated with the 2014 purchase of the subject property provided by the board of review revealed the subject dwelling has a recreation room, a bar, a game room and two bedrooms located in the basement, which was not depicted in the subject's property record card but a handwritten notation was depicted in the grid analysis provided by the board of review. Thus, the Board recognizes the subject is likely not assessed for finished basement.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within .5 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,736 to 4,493 square feet of living area. The dwellings are 15 to 30 years old. Each comparable has a basement, central air conditioning, one or three fireplaces and a garage ranging in size from 687 to 784 square feet of building area. The comparables have improvement assessments ranging from \$202,737 to \$233,462 or from \$50.34 to \$54.27 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$189,102 or \$52.48 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$295,991. The subject property has an improvement assessment of \$222,147 or \$61.66 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within .54 of a mile from the subject property. The comparables are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 3,429 to 4,224 square feet of living area. The dwellings were built from 2006 to 2014. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 652 to 1,088 square feet of building area. The comparables have improvement assessments ranging from \$200,094 to \$262,413 or from \$58.05 to \$62.27 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's four comparables, as well as board of review comparable #1 due to their larger dwelling sizes and/or older ages, when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3 and #4, which are similar to the subject in location, dwelling size, design, age and some features. These best comparables have improvement assessments ranging from \$200,094 to

\$238,129 or from \$58.05 to \$62.27 per square foot of living area. The subject's improvement assessment of \$222,147 or \$61.66 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
