

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christine Pak
DOCKET NO.: 22-00626.001-R-1
PARCEL NO.: 14-32-103-013

The parties of record before the Property Tax Appeal Board are Christine Pak, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,907
IMPR.: \$187,342
TOTAL: \$239,249

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 3,902 square feet of living area. The dwelling was constructed in 1982 and is approximately 40 years old. Features of the home include an unfinished walkout basement, central air conditioning, four fireplaces, and a 744 square foot garage. The property has an approximately 181,143 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable properties located in the subject's assessment neighborhood. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,072 to 4,106 square feet of living area. The dwellings range in age from 23 to 60 years old. Each comparable has an unfinished walkout basement, central air conditioning, one to three

fireplaces, and a garage ranging in size from 495 to 816 square feet of building area. The comparables have improvement assessments ranging from \$134,993 to \$179,229 or from \$38.99 to \$44.78 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$165,737 or \$42.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$239,249. The subject property has an improvement assessment of \$187,342 or \$48.01 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparable properties located in the subject's assessment neighborhood. The comparables are improved with 2-story dwellings of brick or brick and frame exterior construction ranging in size from 3,628 to 4,268 square feet of living area. The dwellings were built from 1984 to 1987. Each comparable has an unfinished basement, central air conditioning, two to four fireplaces, and a garage ranging in size from 700 to 899 square foot garage. The comparables have improvement assessments ranging from \$198,141 to \$229,588 or from \$49.68 to \$57.86 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in age and/or dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in location, design, age, dwelling size, and most features. The best comparables have improvement assessments ranging from \$198,141 to \$229,588 or from \$49.68 to \$57.86 per square foot of living area. The subject's improvement assessment of \$187,342 or \$48.01 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
