

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Hempfling
DOCKET NO.: 22-00634.001-R-1
PARCEL NO.: 14-09-201-002

The parties of record before the Property Tax Appeal Board are Charles Hempfling, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$79,800
IMPR.: \$170,055
TOTAL: \$249,855

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with approximately 3,264 square feet of living area. The dwelling was built in 1985 and is approximately 37 years old. Features of the home include an unfinished walkout basement, central air conditioning, two fireplaces, and a garage with 937 square feet of building area. The property has an approximately 111,207 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property and within 0.68 of a mile from the subject property. The comparables are improved with 2-story homes of brick or wood siding exterior construction ranging in size from 3,749 to 4,119 square feet of

living area. The homes range in age from 17 to 34 years old. The comparables each have an unfinished basement, central air conditioning, one fireplace, and a garage that ranges in size from 759 to 911 square feet of building area. The comparables have improvement assessments ranging from \$121,030 to \$176,585 or from \$32.28 to \$42.87 per square foot of living area. The appellant requested a reduction in the subject's improvement assessment to \$129,988 or \$39.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$249,855. The subject property has an improvement assessment of \$170,055 or \$52.10 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same neighborhood code as the subject property and within 0.25 of a mile from the subject. The comparables are improved with 2-story homes of frame exterior construction ranging in size from 3,276 to 3,719 square feet of living area. The homes were built in either 1987 or 1989 and thus would be approximately 33 or 35 years old. Each comparable has an unfinished walkout basement, central air conditioning, two or four fireplaces, and a garage that ranges in size from 708 to 924 square feet of building area. The comparables have improvement assessments ranging from \$173,111 to \$203,421 or from \$51.58 to \$54.70 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #2 due to differences in dwelling size and/or age when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3 which are overall more similar to the subject in location, design, age, dwelling size, and most features. These two comparables have improvement assessments of \$173,111 and \$178,367 or \$51.58 and \$52.84 per square foot of living area. The subject's improvement assessment of \$170,055 or \$52.10 per square foot of living area falls below the improvement assessments of the two best comparables in this record on an overall basis but is bracketed by them on a per square foot basis. Based on this record and after considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
