

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sarfaraz Niazi
DOCKET NO.: 22-00690.001-R-1
PARCEL NO.: 16-32-413-010

The parties of record before the Property Tax Appeal Board are Sarfaraz Niazi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$68,317
IMPR.: \$219,727
TOTAL: \$288,044

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,047 square feet of living area. The dwelling was built in 1997 and is approximately 25 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 733 square foot garage. The property has a 14,897 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject and within .4 of a mile from subject. The comparables consist of two-story dwellings of wood siding or brick exterior construction ranging in size from 4,003 to 4,477 square feet of living area. The dwellings range in age from 23 to 27 years old. The comparables have partial or full basements, two of which

have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 670 to 756 square feet of building area. The comparables have improvement assessments ranging from \$176,456 to \$198,638 or from \$42.79 to \$46.39 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$179,787 or \$44.42 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$288,044. The subject property has an improvement assessment of \$219,727 or \$54.29 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same neighborhood code as the subject and within .18 of a mile from the subject. The comparables are described as two-story dwellings of brick exterior construction ranging in size from 3,599 to 4,477 square feet of living area. The dwellings were constructed in either 1998 or 1999. The comparables have full basements, with one having finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 671 to 894 square feet of building area. The comparables have improvement assessments ranging from \$202,834 to \$243,706 or from \$54.44 to \$56.67 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 as well as board of review comparable #1, each of which have finished basement areas, not a feature of the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #3 along with board of review comparables #2 through #5. These comparables have improvement assessments ranging from \$183,761 to \$243,706 or from \$42.79 to \$56.67 per square foot of living area. The subject's improvement assessment of \$219,727 or \$54.29 per square foot of living area falls within the range established by the best comparables in this record both in terms of overall assessment and on a per-square-foot basis. Based on this record and after considering appropriate adjustments to the best comparables in the record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
