

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Iram Shah
DOCKET NO.: 22-00720.001-R-1
PARCEL NO.: 16-30-205-058

The parties of record before the Property Tax Appeal Board are Iram Shah, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$55,238
IMPR.: \$264,536
TOTAL: \$319,774

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,647 square feet of living area. The dwelling was constructed in 1992 and is approximately 30 years old. Features of the home include a 2,710 square foot unfinished basement, central air conditioning, a fireplace, and a 770 square foot garage. The property has a 12,401 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick or wood siding exterior construction ranging in size from 4,026 to 4,477 square feet of living area. The dwellings range in age from 15 to 19 years old. Each home has from an 1,830 to a 2,097 square foot basement, two of which

have finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 680 to 800 square feet of building area. The comparables have improvement assessments ranging from \$181,218 to \$204,276 or from \$40.61 to \$50.74 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$319,774. The subject property has an improvement assessment of \$264,536 or \$56.93 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 1.75-story or 2-story homes of brick or brick and wood siding exterior construction ranging in size from 4,279 to 5,184 square feet of living area. The dwellings were built from 1957 to 2017 with comparable #2 having an effective age of 1990. The board of review reported four comparables each have from a 1,781 to a 2,373 square foot basement with three having finished area, and one comparable having a lower level. Three comparables each have one fireplace. Each comparable has central air conditioning, and a garage ranging in size from 638 to 800 square feet of building area. The comparables have improvement assessments ranging from \$245,151 to \$315,682 or from \$54.81 to \$66.29 per square foot of living area. Based on this evidence the board of review requested the subject's improvement assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 along with the board of review comparables #1, #2, #3 and #5 which have a basement finish and/or lack a basement when compared to the subject which has an unfinished basement area.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 along with the board of review comparable #4 which are overall more similar to the subject in age, dwelling size, basement finish, and most features. These three comparables have improvement assessments that range from \$181,791 to \$245,151 or from \$40.61 to \$56.30 per square foot of living area. The subject's improvement assessment of \$264,536 or \$56.93 per square foot of living area falls above the range established by the best comparables in this record, which is logical given the subject has a larger dwelling size and basement area relative to the best comparables. Based on this record and after considering appropriate adjustments to the best

comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
