

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Mutnick
DOCKET NO.: 22-00721.001-R-1
PARCEL NO.: 16-30-406-018

The parties of record before the Property Tax Appeal Board are David Mutnick, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$59,328
IMPR.: \$266,042
TOTAL: \$325,370

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,275 square feet of living area. The dwelling was built in 2008 and is approximately 14 years old. Features of the home include a full basement with finished area, 3 full and 2 half bathrooms, central air conditioning, one fireplace and an attached garage with 891 square feet of building area. The property has a site with approximately 12,080 square feet of land area and is located in Deerfield, West Deerfield Township, Lake County.

In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are described as 2-story dwellings of brick or wood siding exterior construction ranging in size from 4,026 to 4,964 square feet of living area. The homes are from 15 to 21 years old and have full basements with finished area. Each comparable has from 3 full and 1 half to 5 full and 2 half bathrooms,

central air conditioning, and an attached garage ranging in size from 440 to 800 square feet of building area. Three comparables have either one or two fireplaces. The comparables have improvement assessments ranging from \$181,218 to \$286,486 or from \$43.78 to \$57.71 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$325,370. The subject property has an improvement assessment of \$266,042 or \$62.23 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are described as 1.75-story or 2-story dwellings of brick and wood siding or brick exterior construction ranging in size from 3,966 to 5,332 square feet of living area. The homes were built from 1997 to 2017 and have full basements, two of which have finished area. Each comparable has central air conditioning, one fireplace, and an attached garage ranging in size from 484 to 800 square feet of building area. The comparables have improvement assessments ranging from \$246,294 to \$364,887 or from \$61.70 to \$68.43 per square foot of living area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables submitted by the parties to support their respective positions before the Board. The Board gives less weight to the appellant's comparables #3 and #4 along with board of review comparables #2 and #4 due to the dwellings' larger size and/or larger bathroom count when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, age, size, bathroom count and some features. However, the Board finds these comparables would require adjustments for varying differences in features to make them more equivalent to the subject, including but not limited to older age, smaller garage size, smaller finished basement area, and/or lack a basement finish. These four comparables have improvement assessments that range from \$181,218 to \$250,376 or from \$43.78 to \$62.10 per square foot of living area. The subject's improvement assessment of \$266,042 or \$62.23 per square foot of living area falls above the range established by the best comparables in this record which is logical when considering the adjustments for the subject's attributes described above. Based on this evidence, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
