

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Osterman
DOCKET NO.: 22-00749.001-R-1
PARCEL NO.: 16-28-119-012

The parties of record before the Property Tax Appeal Board are Scott Osterman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$53,395
IMPR.: \$270,928
TOTAL: \$324,323

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,661 square feet of living area. The dwelling was built in 2011 and is approximately 11 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and an attached garage with 528 square feet of building area. The property has a site with approximately 10,120 square feet of land area and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument the appellant submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables consist of two-story dwellings of brick or wood siding exterior construction ranging in size from 3,887 to 4,286 square feet of living area and are from 17 to 24 years old. The comparables have

basements with two having finished area. Each comparable has central air conditioning, one fireplace and an attached garage ranging from 651 to 933 square feet of building area. The comparables have improvement assessments ranging from \$208,174 to \$244,402 or from \$52.80 to \$59.46 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$205,290 or \$56.07 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$324,323. The subject property has an improvement assessment of \$270,928 or \$74.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables consist of two-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 3,563 to 3,862 square feet of living area. The homes were built from 2006 to 2016. The comparables have basements, with two having finished area. Each comparable has central air conditioning, one or two fireplaces, and an attached garage ranging from 529 to 958 square feet of building area. The comparables have improvement assessments ranging from \$321,172 to \$353,493 or from \$85.69 to \$93.87 per square foot of living area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables along with board of review comparables #1 and #3 due to differences in location, dwelling size, age and/or basement finish when compared to the subject property, which has an unfinished basement.

The Board finds the best evidence of assessment equity to be the board of review comparables #3, #4 and #5 which are relatively similar to the subject in location, dwelling size, age and most features. These three comparables have improvement assessments that range from \$321,806 to \$335,411 or from \$85.69 to \$93.87 per square foot of living area. The subject's improvement assessment of \$270,928 or \$74.00 per square foot of living area falls below the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the best comparables for differences from the subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
