

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Larry Kane
DOCKET NO.: 22-00759.001-R-1
PARCEL NO.: 16-28-315-015

The parties of record before the Property Tax Appeal Board are Larry Kane, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,715
IMPR.: \$95,946
TOTAL: \$138,661

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick and wood siding exterior construction with 1,916 square feet of living area. The dwelling was constructed in 1956 and is approximately 66 years old. Features of the home include a 1,437 square foot basement with 474 square feet of finished area, central air conditioning, two fireplaces and a 252 square foot detached garage. The property has an approximately 8,100 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of brick exterior construction that range in size from 1,608 to 2,444 square feet of living area. The homes range in age from 65 to 73 years

old. The homes each have from a 744 to 1,934 square foot basement with 297 to 720 square feet of finished area. Each comparable has central air conditioning and an attached garage ranging in size from 299 to 576 square feet of building area. Two comparables have either one or two fireplaces. The comparables have improvement assessments that range from \$65,268 to \$109,728 or from \$36.46 to \$44.90 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$77,837 or \$40.62 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$138,661. The subject has an improvement assessment of \$95,946 or \$50.08 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick or brick and wood siding exterior construction that range in size from 1,834 to 2,114 square feet of living area. The homes were built from 1950 to 1956. The homes each have from a 1,396 to 1,886 square foot basement, three of which have from 509 to 1,825 square feet of finished area. Each comparable has central air conditioning, one or two fireplaces and an attached garage ranging in size from 400 to 572 square feet of building area. Comparable #2 also has a 988 square foot detached garage. The comparables have improvement assessments that range from \$99,043 to \$114,287 or from \$51.39 to \$54.06 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #3 and #4 along with board of review comparables #1, #2 and #3 which differ from the subject in dwelling size, have an unfinished basement area and/or have a substantially larger finished basement area than the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 and #2 along with board of review comparable #4. These comparables are overall more similar to the subject in location, age, design, dwelling size and most features. These three comparables have improvement assessments that range from \$70,524 to \$106,531 or from \$36.46 to \$51.39 per square foot of living area. The subject's improvement assessment of \$95,946 or \$50.08 per square foot of living area falls within the range established by the most similar comparables in

this record. After considering adjustments to the most similar comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
