

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jonathan Kaelter
DOCKET NO.: 22-00772.001-R-1
PARCEL NO.: 16-21-407-004

The parties of record before the Property Tax Appeal Board are Jonathan Kaelter, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,589
IMPR.: \$136,482
TOTAL: \$174,071

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,548 square feet of living area. The dwelling was built in 1975 and is approximately 47 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 360 square foot garage. The property has an approximately 7,300 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that have the same assessment neighborhood code as the subject and are located within 1.2 miles of the subject property. The comparables consist of two-story dwellings of brick or wood siding exterior construction ranging in size from 2,529 to 3,057 square feet of living area. The dwellings are from 42 to 55 years old. Each comparable has a basement with

finished area, central air conditioning, one fireplace, and a garage ranging in size from 462 to 630 square feet of building area. The comparables have improvement assessments that range from \$115,452 to \$143,454 or from \$44.47 to \$46.93 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$116,316 or \$45.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$174,071. The subject has an improvement assessment of \$136,482 or \$53.56 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables that have the same assessment neighborhood code as the subject and are located within 0.27 of a mile from the subject property. The comparables consist of two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,393 to 2,586 square feet of living area. The dwellings were built in 1967 or 1976. Each comparable has a basement with one having finished area, central air conditioning, one fireplace and a garage ranging in size from 437 to 441 square feet of building area. The comparables have improvement assessments that range from \$131,540 to \$140,161 or from \$50.87 to \$57.80 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #3 and #4 which are less similar to the subject in location or dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and board of review comparables. These comparables are relatively similar to the subject in location, age, dwelling size, foundation type, and most features, except board of review comparables #2 and #3 have an unfinished basement, unlike the subject's finished basement. These four comparables have improvement assessments that range from \$129,701 to \$140,161 or from \$45.54 to \$57.80 per square foot of living area. The subject's improvement assessment of \$136,482 or \$53.56 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
