

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Haussermann
DOCKET NO.: 22-00795.001-R-1
PARCEL NO.: 16-08-103-003

The parties of record before the Property Tax Appeal Board are Mark Haussermann, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$80,985
IMPR.: \$171,977
TOTAL: \$252,962

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,998 square feet of living area. The dwelling was constructed in 1988 and is approximately 34 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 552 square foot garage. The property has an approximately 13,300 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject property. The comparables consist of 2-story dwellings of brick or wood siding exterior construction that range in size from 2,508 to 3,233 square feet of living area. The dwellings are from 20 to 37 years old. Each comparable has a basement, one of which has finished area, central air conditioning, one

fireplace and a garage ranging in size from 504 to 676 square feet of building area. The comparables have improvement assessments ranging from \$105,290 to \$134,724 or from \$41.67 to \$42.23 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$125,916 or \$42.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$252,962. The subject property has an improvement assessment of \$171,977 or \$57.36 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables consist of 1.75-story or 2-story dwellings of wood siding exterior construction that range in size from 3,048 to 3,160 square feet of living area. The homes were built in 1988 or 1992, with comparable #4 having an effective age of 1991. Each comparable has a basement, two of which have finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 506 to 759 square feet of building area. The comparables have improvement assessments ranging from \$171,694 to \$181,987 or from \$55.49 to \$58.13 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables and board of review comparables #1 and #2 due to differences in age, dwelling size, or basement finish when compared to the subject that has an unfinished basement.

The Board finds the best evidence of assessment equity to be board of review comparables #3 and #4. These comparables are relatively similar to the subject in location, dwelling size, age, and most features. These two comparables have improvement assessments of \$171,694 and \$175,040 or \$55.49 and \$57.31 per square foot of living area. The subject's improvement assessment of \$171,977 or \$57.36 per square foot of living area is bracketed by the two best comparables in this record on an overall improvement assessment basis and slightly above on a per-square-foot basis. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
