

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Angela Smith
DOCKET NO.: 22-00815.001-R-1
PARCEL NO.: 16-09-206-012

The parties of record before the Property Tax Appeal Board are Angela Smith, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$98,406
IMPR.: \$116,798
TOTAL: \$215,204

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,449 square feet of living area. The dwelling was built in 1965 and is approximately 57 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a 483 square foot garage. The property has an approximately 20,800 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables consist of 2-story dwellings of brick exterior construction ranging in size from 2,347 to 2,824 square feet of living area. The dwellings are from 57 to 61 years old and have basements, one of which has finished area. Each comparable has central air conditioning, one or

two fireplaces, and a garage ranging in size from 462 to 511 square feet of building area. The comparables have improvement assessments ranging from \$89,153 to \$106,555 or from \$37.34 to \$37.99 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$92,449 or \$37.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$215,204. The subject property has an improvement assessment of \$116,798 or \$47.69 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables consist of 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,603 to 2,798 square feet of living area. The dwellings were built in 1962 or 1963 and have basements, three of which have finished area. Three comparables each have central air conditioning. Each comparable has one or two fireplaces and a garage that ranges in size from 506 to 576 square feet of building area. The comparables have improvement assessments ranging from \$120,545 to \$145,977 or from \$46.31 to \$52.66 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #2 and #3 along with board of review comparables #2, #3 and #4 due to differences in dwelling size and/or basement finish when compared to the subject that has an unfinished basement.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4 along with the board of review comparable #1. These comparables are relatively similar to the subject in location, dwelling size, age, and most features, except the board of review comparable #1 lacks central air conditioning, unlike the subject. These three comparables have improvement assessments ranging from \$89,153 to \$120,545 or from \$37.34 to \$46.31 per square foot of living area. The subject's improvement assessment of \$116,798 or \$47.69 per square foot of living area falls within the range on an overall improvement assessment basis and above the range on a per-square-foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
