

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sean Malia  
DOCKET NO.: 22-00844.001-R-1  
PARCEL NO.: 14-31-202-004

The parties of record before the Property Tax Appeal Board are Sean Malia, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$42,492  
**IMPR.:** \$136,115  
**TOTAL:** \$178,607

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 2,760 square feet of living area. The dwelling was constructed in 1969 and is approximately 53 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a 484 square foot garage. The property has an approximately 20,442 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick exterior construction ranging in size from 2,616 to 3,379 square feet of living area. The dwellings range in age from 51 to 55 years old. Each home has an unfinished basement, central air conditioning, one or two fireplaces, and a

garage ranging in size from 462 to 616 square feet of building area. The comparables have improvement assessments ranging from \$110,670 to \$151,798 or from \$41.48 to \$44.92 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$178,607. The subject property has an improvement assessment of \$136,115 or \$49.32 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on ten equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick, frame, or brick and frame construction ranging in size from 2,489 to 3,015 square feet of living area. The dwellings were built from 1967 to 1972. Each home has an unfinished basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 441 to 864 square feet of building area. The comparables have improvement assessments ranging from \$121,974 to \$151,217 or from \$49.01 to \$50.21 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of fourteen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #4, due to substantial differences from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3, along with the board of review's comparables. The Board finds these comparables to be overall most similar to the subject in location, design, dwelling size, age, and features. These comparables have improvement assessments that range from \$110,670 to \$151,217 or from \$42.31 to \$50.21 per square foot of living area. The subject's improvement assessment of \$136,115 or \$49.32 per square foot of living area falls within the range established by the best comparables in this record both in terms of overall improvement assessment and on a per square foot of living area basis. Based on this record, and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and, therefore, no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
