

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Brezinski
DOCKET NO.: 22-00853.001-R-1
PARCEL NO.: 09-13-208-006

The parties of record before the Property Tax Appeal Board are Thomas Brezinski, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,339
IMPR.: \$92,421
TOTAL: \$119,760

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 3,202 square feet of living area. The dwelling was constructed in 2004 and is approximately 18 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 580 square foot garage. The property has a 9,748 square foot site and is located in Wauconda, Wauconda Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of vinyl siding exterior construction ranging in size from 2,632 to 3,748 square feet of living area. The dwellings range in age from 15 to 18 years old. Each home has a basement, central air conditioning, and a garage ranging in size from

500 to 568 square feet of building area. Two homes each have a fireplace. The comparables have improvement assessments ranging from \$56,443 to \$80,886 or from \$20.51 to \$21.58 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$119,760. The subject property has an improvement assessment of \$92,421 or \$28.86 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of vinyl siding exterior construction with 3,202 square feet of living area. The dwellings were built in 2003. Each home has a basement, central air conditioning, and a 580 or a 609 square foot garage. Two homes each have a fireplace. The comparables have improvement assessments ranging from \$92,239 to \$96,213 or from \$28.81 to \$30.05 per square foot of living area.

The board of review submitted a brief contending that the appellant's comparables differ from the subject in dwelling size. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, which are less similar to the subject in dwelling size than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are identical to the subject in dwelling size and are similar to the subject in age, location, and features. These comparables have improvement assessments that range from \$92,239 to \$96,213 or from \$28.81 to \$30.05 per square foot of living area. The subject's improvement assessment of \$92,421 or \$28.86 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
