

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bin Lin
DOCKET NO.: 22-00875.001-R-1
PARCEL NO.: 15-33-401-099

The parties of record before the Property Tax Appeal Board are Bin Lin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,053
IMPR.: \$155,178
TOTAL: \$190,231

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,753 square feet of living area. The dwelling was constructed in 2010 and is approximately 12 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 400 square foot garage. The property has a 6,098 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick or wood siding exterior construction ranging in size from 2,653 to 3,120 square feet of living area. The dwellings are from 11 to 15 years old. Each home has a basement, central air conditioning, and a garage ranging from 400 to

440 square feet of building area. Three homes each have one fireplace. The comparables have improvement assessments ranging from \$117,487 to \$150,559 or from \$44.28 to \$50.48 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$132,006 or \$47.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$190,231. The subject property has an improvement assessment of \$155,178 or \$56.37 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick, frame or brick and frame exterior construction ranging in size from 2,687 to 2,747 square feet of living area. The dwellings were built in 2006. Each home has a basement, central air conditioning, and either a 400 or 420 square foot garage. Four homes each have a fireplace. The comparables have improvement assessments ranging from \$151,822 to \$161,752 or from \$56.48 to \$58.88 per square foot of living area. Based on this evidence the board of review requested the subject's improvement assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 which are less similar to the subject in dwelling size than other comparables in this record. In addition, the Board gives less weight to appellant's comparable #2 which appears to be an outlier with its considerably lower improvement assessment relative to the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the board of review's comparables which are relatively similar to the subject in location, dwelling size, age, foundation type and most features. These comparables have improvement assessments that range from \$142,562 to \$161,752 or from \$50.48 to \$58.88 per square foot of living area. The subject's improvement assessment of \$155,178 or \$56.37 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
