

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bruce Braverman
DOCKET NO.: 22-00889.001-R-1
PARCEL NO.: 15-29-413-013

The parties of record before the Property Tax Appeal Board are Bruce Braverman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,588
IMPR.: \$93,841
TOTAL: \$128,429

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,842 square feet of living area. The dwelling was constructed in 1983 and is approximately 39 years old. Features of the home include a 744 square foot unfinished basement, 2.5 bathrooms, central air conditioning, and a 399 square foot garage. The property has an approximately 12,608 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,198 to 2,498 square feet of living area. The dwellings are each 39 years old. Each comparable has a 728 or 744 square foot basement, 2.5 bathrooms, central air conditioning and

either a 399 or 420 square foot garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$88,842 to \$118,453 or from \$39.42 to \$47.42 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$83,442 or \$45.30 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$128,429. The subject property has an improvement assessment of \$93,841 or \$50.95 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame exterior construction with each containing 1,842 square feet of living area. The dwellings were each built in 1983. Each dwelling has a 744 square foot basement, one of which has finished area, 2.5 bathrooms, central air conditioning and a 399 square foot garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$93,848 to \$94,553 or from \$50.95 to \$51.33 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #5 due to differences in dwelling size or basement finish when compared to the subject that has an unfinished basement.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 through #4. These comparables are identical to the subject in age, dwelling size, unfinished basement amenity and most features. These four board of review comparables have improvement assessments that range from \$93,848 to \$94,133 or from \$50.95 to \$51.10 per square foot of living area. The subject's improvement assessment of \$93,841 or \$50.95 per square foot of living area falls slightly below the range established by the best comparables in this record on an overall improvement assessment basis but within the range on a per-square-foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
