

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Olga Ratner
DOCKET NO.: 22-00892.001-R-1
PARCEL NO.: 15-29-403-006

The parties of record before the Property Tax Appeal Board are Olga Ratner, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,860
IMPR.: \$139,310
TOTAL: \$171,170

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,857 square feet of living area. The dwelling was constructed in 1979 and is approximately 43 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a 484 square foot garage. The home also features a shed. The property has an approximately 9,898 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of wood siding exterior construction ranging in size from 2,307 to 2,496 square feet of living area. The dwellings range in age from 38 to 46 years old. Each

home has an unfinished basement, central air conditioning and a garage ranging in size from 400 to 440 square feet of building area. Three homes each have one fireplace. The comparables have improvement assessments ranging from \$92,127 to \$102,321 or from \$39.23 to \$42.24 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$171,170. The subject property has an improvement assessment of \$139,310 or \$48.76 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of frame exterior construction ranging in size from 2,485 to 2,666 square feet of living area. The dwellings were built from 1978 to 1980 with comparables #3, #4 and #5 having effective ages of 1981, 1986 and 1988, respectively. Each home has a basement with one having finished area, central air conditioning, and a garage ranging in size from 440 to 588 square feet of building area. Three homes each have one or two fireplaces. The comparables have improvement assessments ranging from \$121,195 to \$130,568 or from \$48.56 to \$49.64 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #4 which are less similar to the subject in dwelling size than the other comparables in the record. The Board also gives less weight to the board of review comparable #3 which has finished basement area, unlike the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the parties remaining comparables which are relatively similar to the subject in dwelling size, age, location, and most features. These six comparables have improvement assessments that range from \$98,253 to \$130,568 or from \$39.36 to \$49.64 per square foot of living area. The subject's improvement assessment of \$139,310 or \$48.76 per square foot of living area falls above the range established by the best comparables in this record on an overall improvement assessment basis and within the range on a per-square-foot basis which is logical given the subject's larger dwelling size and an additional shed relative to the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate

with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
