

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alpesh Patel
DOCKET NO.: 22-00893.001-R-1
PARCEL NO.: 15-29-207-010

The parties of record before the Property Tax Appeal Board are Alpesh Patel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,805
IMPR.: \$109,822
TOTAL: \$136,627

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,264 square feet of living area. The dwelling was constructed in 1982 and is approximately 40 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a 400 square foot garage. The property has a 7,200 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of wood siding exterior construction ranging in size from 2,103 to 2,469 square feet of living area. The dwellings are from 43 to 46 years old. Each home has a basement with two having finished area, central air conditioning, and a 440 or a

462 square foot garage. Two homes each have a fireplace. The comparables have improvement assessments ranging from \$81,488 to \$98,253 or from \$37.92 to \$39.36 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$88,182 or \$38.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$136,627. The subject property has an improvement assessment of \$109,822 or \$48.51 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of frame exterior construction with 2,264 square feet of living area. The dwellings were built in 1981 or 1982. Each home has a basement with three having finished area, central air conditioning, and a 400 square foot garage. Four homes each have a fireplace. The comparables have improvement assessments ranging from \$110,369 to \$116,113 or from \$48.75 to \$51.29 per square foot of living area. Based on this evidence the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives more weight to the board of review comparables that are identical or nearly identical to the subject in age, dwelling size, foundation type, and other features, except three comparables have basement finish, unlike the subject's unfinished basement. These comparables have improvement assessments that range from \$110,369 to \$116,113 or from \$48.75 to \$51.29 per square foot of living area. The subject's improvement assessment of \$109,822 or \$48.51 per square foot of living area falls below the range established by the best comparables in this record. The Board gave less weight to appellant's comparable which are overall less similar to the subject in age, dwelling size, fireplace count and garage size than the board of review's comparables. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
