

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gad Breuer
DOCKET NO.: 22-00903.001-R-1
PARCEL NO.: 15-33-110-005

The parties of record before the Property Tax Appeal Board are Gad Breuer, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,988
IMPR.: \$116,033
TOTAL: \$144,021

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding exterior construction containing 2,278 square feet of living area. The dwelling was built in 1985 and is approximately 37 years old. Features of the home include an unfinished full basement, central air conditioning, 2½ bathrooms, and an attached two-car garage with 400 square feet building area. The property has an 8,910 square foot site located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings with wood siding exterior construction that range in size from 2,444 to 2,600 square feet of living area. The homes range in age from 35 to 43 years old. Each comparable has an unfinished basement, central air conditioning, 2½ or 3 bathrooms, and an attached garage with either 440 or 460 square feet of building area. Two of

the comparables have one fireplace. These properties are in the same neighborhood as the subject property and from approximately .3 to .5 of a mile from the subject. The comparables have improvement assessments that range from \$100,454 to \$106,700 or from \$40.67 to \$41.81 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$93,910.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$144,021. The subject property has an improvement assessment of \$116,033 or \$50.94 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables each improved with a two-story dwelling with wood siding exterior construction each with 2,278 square feet of living area. The homes were built in 1985 and 1986. Each comparable has an unfinished basement, central air conditioning, 2½ bathrooms, and an attached garage with 400 square feet of building area. One comparable has a fireplace. The comparables are in the same neighborhood as the subject and from approximately .05 to .28 of a mile from the subject. These properties have improvement assessments that range from \$112,675 to \$116,734 or from \$49.46 to \$51.24 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds the comparables provided by the board of review are more similar to the subject dwelling in size than are the comparables submitted by the appellant as each home has 2,278 square feet of living area, the same size as the subject dwelling. The board of review comparables have improvement assessments that range from \$112,675 to \$116,734 or from \$49.46 to \$51.24 per square foot of living area. The subject's improvement assessment of \$116,033 or \$50.94 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
