

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zachary Stern
DOCKET NO.: 22-00910.001-R-1
PARCEL NO.: 15-28-316-004

The parties of record before the Property Tax Appeal Board are Zachary Stern, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,962
IMPR.: \$130,358
TOTAL: \$171,320

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding and brick exterior construction containing 2,654 square feet of living area. The dwelling was constructed in 1989 and is approximately 33 years old. Features of the home include a full basement that is partially finished, central air conditioning, one fireplace, 2½ bathrooms, and an attached two-car garage with 441 square feet of building area. The property has a site with approximately 11,630 square feet of land area located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings with wood siding exterior construction that range in size from 3,166 to 3,250 square feet of living area. The homes range in age from 28 to 34 years old. Each comparable has a full or partial basement with finished area, central air

conditioning, one or two fireplaces, 2½ to 4 bathrooms, and an attached garage with either 441 or 752 square feet of building area. The comparables are within the same neighborhood as the subject and are approximately .09 to 1.3 miles from the subject property. These properties have improvement assessments ranging from \$128,400 to \$137,474 or from \$39.95 to \$43.42 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$109,543.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$171,320. The subject property has an improvement assessment of \$130,358 or \$49.12 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story dwellings of wood siding or wood siding and brick exterior construction that have either 2,654 or 2,758 square feet of living area. The homes were built in 1989. Each property has a full basement with three having finished area, central air conditioning, one fireplace, 2½ or 3½ bathrooms, and an attached garage ranging in size from 420 to 525 square feet of building area. The comparables are located within the same neighborhood as the subject, along the same street, and within the same block as the subject property. These properties have improvement assessments ranging from \$129,412 to \$134,434 or from \$48.49 to \$49.76 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables as these properties are more similar to the subject property in location and dwelling size than are the comparables submitted by the appellant. The board of review comparables have improvement assessments that range from \$129,412 to \$134,434 or from \$48.49 to \$49.76 per square foot of living area. The subject's improvement assessment of \$130,358 or \$49.12 per square foot of living area falls within the range established by the best comparables in this record demonstrating the subject property is being equitably assessed. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
