

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith Freedman
DOCKET NO.: 22-00913.001-R-1
PARCEL NO.: 15-28-101-022

The parties of record before the Property Tax Appeal Board are Keith Freedman, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,767
IMPR.: \$128,710
TOTAL: \$162,477

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding exterior construction containing 2,740 square feet of living area. The dwelling was constructed in 1990 and is approximately 32 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, 2½ bathrooms, and an attached garage with 420 square feet of building area. The property has a 10,236 square foot site located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings with wood siding exteriors that range in size from 3,174 to 3,250 square feet of living area. The homes range in age from 28 to 34 years old. Each comparable has a full or partial basement with finished area, central air conditioning, one

fireplace, 2½ or 3½ bathrooms, and an attached garage with either 441 or 483 square feet of building area. The comparables have the same assessment neighborhood code as the subject and are located from approximately .06 to .22 of a mile from the subject property. The comparables have improvement assessments ranging from \$128,400 to \$133,407 or from \$39.95 to \$41.49 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$111,759.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$162,477. The subject property has an improvement assessment of \$128,710 or \$46.97 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of frame construction that range in size from 2,626 to 2,890 square feet of living area. The homes were built from 1988 to 1990. Each comparable has a basement with four having finished area, central air conditioning, one fireplace, 2½ or 3½ bathrooms, and an attached garage with either 420 or 441 square feet of building area. The comparables have the same assessment neighborhood code as the subject and are located from approximately .08 to .25 of a mile from the subject. These properties have improvement assessments ranging from \$124,103 to \$136,814 or from \$47.15 to \$47.68 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted assessment information on nine comparables that are similar to the subject in location, age, style, and most features. However, the Board finds the best evidence of assessment equity to be the board of review comparables as these properties are improved with homes that are more similar to the subject dwelling in size than are the comparables submitted by the appellant. The board of review comparables have improvement assessments that range from \$124,103 to \$136,814 or from \$47.15 to \$47.68 per square foot of living area. The subject's improvement assessment of \$128,710 or \$46.97 per square foot of living area falls within the overall range of the improvement assessments but below the range on a per square foot of living area basis established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
