

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Chatkin
DOCKET NO.: 22-00932.001-R-1
PARCEL NO.: 15-22-206-001

The parties of record before the Property Tax Appeal Board are David Chatkin, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,347
IMPR.: \$140,901
TOTAL: \$168,248

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of brick and frame construction containing 3,460 square feet of living area. The dwelling was built in 1995 and is approximately 27 years old. Features of the home include a slab foundation, central air conditioning, one fireplace, 2½ bathrooms, and an attached two-car garage with 480 square feet of building area. The property has an 11,761 square foot site located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of brick exterior construction that range in size from 3,139 to 3,444 square feet of living area. The homes are 27 or 28 years old. Each comparable has a slab foundation, central air conditioning, one or two fireplaces, 2½ bathrooms, and an attached garage ranging in

size from 441 to 483 square feet of building area. The comparables are in the same neighborhood as the subject and from approximately .02 to .25 of a mile from the subject property. The comparables have improvement assessments ranging from \$102,979 to \$114,795 or from \$31.51 to \$33.49 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$113,574.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$168,248. The subject property has an improvement assessment of \$140,901 or \$40.72 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick exterior construction each with 3,502 square feet of living area. The homes were built in 1995. Each comparable has a slab foundation, central air conditioning, one or two fireplaces, 2½ bathrooms, and an attached two-car garage with 441 square feet of building area. The comparables are in the same neighborhood as the subject and from approximately .03 to .28 of a mile from the subject. These properties have improvement assessments ranging from \$142,493 to \$144,603 or from \$40.69 to \$41.29 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine equity comparables to support their respective positions. The comparables are similar to the subject in location, age, style, and features. These properties have improvement assessments that vary from \$102,979 to \$144,603 or from \$31.51 to \$41.29 per square foot of living area. The comparables most similar to the subject dwelling in size are appellant's comparable #3 and the board of review comparables, having either 3,444 or 3,502 square feet of living area. These six comparables have improvement assessments ranging from \$114,795 to \$144,603 or from \$33.33 to \$41.29 per square foot of living area. The subject's improvement assessment of \$140,901 or \$40.72 per square foot of living area falls within the range established by the comparables in this record and is well supported by those properties most similar to the subject in dwelling size.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. *Apex Motor Fuel Co. v. Barrett*, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not all assessed at identical levels, all that the constitution requires is a practical uniformity which exists based on the evidence in this record.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
