

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yuanhe Li
DOCKET NO.: 22-00944.001-R-1
PARCEL NO.: 15-21-206-002

The parties of record before the Property Tax Appeal Board are Yuanhe Li, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,591
IMPR.: \$152,202
TOTAL: \$181,793

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,105 square feet of living area. The dwelling was constructed in 1997. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 506 square foot garage. The property has a 12,197 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are described as 2-story dwellings ranging in size from 3,502 to 3,776 square feet of living area. The dwellings were built in 1997 and 2000 and have basements with finished area. Each comparable has central air conditioning, one fireplace, and a garage ranging in size from

660 to 693 square feet of building area. The comparables have improvement assessments ranging from \$144,699 to \$157,507 or from \$41.32 to \$41.77 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$181,793. The subject property has an improvement assessment of \$152,202 or \$49.02 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are described as 2-story dwellings of frame exterior construction ranging in size from 3,001 to 3,243 square feet of living area. The dwellings were built in 1996 and 1997 and have basements with finished area. Each comparable has central air conditioning and a garage ranging in size from 483 to 680 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$148,160 to \$159,339 or from \$49.13 to \$49.44 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration that are similar to the subject in location, age, style and most features. The Board gives less weight to the appellant's comparables which are less similar in dwelling size to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are most similar to the subject in dwelling size. These comparables have improvement assessments that range from \$148,160 to \$159,339 or from \$49.13 to \$49.44 per square foot of living area. The subject's improvement assessment of \$152,202 or \$49.02 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
