

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew & Amy Meliker
DOCKET NO.: 22-00949.001-R-1
PARCEL NO.: 15-20-305-011

The parties of record before the Property Tax Appeal Board are Matthew & Amy Meliker, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,620
IMPR.: \$143,113
TOTAL: \$183,733

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,900 square feet of living area. The dwelling was constructed in 1996 and is approximately 26 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 620 square foot garage. The property has an 11,761 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,970 to 3,394 square feet of living area. The dwellings range in age from 24 to 27 years old. The comparables each have a basement with finished area, central air conditioning, one fireplace

and a garage ranging in size from 651 to 704 square feet of building area. The comparables have improvement assessments that range from \$123,934 to \$142,325 or from \$40.00 to \$42.13 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$183,733. The subject property has an improvement assessment of \$143,113 or \$49.35 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction that have 2,853 or 2,900 square feet of living area. The dwellings were built from 1995 to 1997. The comparables each have a basement with finished area, central air conditioning, one fireplace and a garage with 620 or 649 square feet of building area. The comparables have improvement assessments that range from \$142,108 to \$144,240 or from \$49.43 to \$49.81 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration that are similar to the subject in location, age, design and features. The Board has given less weight to appellants' comparables #1, #3 and #4 due to differences in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellants' comparable #2 as well as the board of review comparables which are most similar to the subject in dwelling size. These comparables have improvement assessments that range from \$123,934 to \$144,240 or from \$41.73 to \$49.81 per square foot of living area. The four comparables identical in dwelling size have improvement assessments ranging from \$143,345 to \$144,240 or from \$49.43 to \$49.74 per square foot of living area. The subject's improvement assessment of \$143,113 or \$49.35 per square foot of living area falls within the range established by the best comparables in the record and well supported by the comparables identical in dwelling size. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
