

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Min
DOCKET NO.: 22-00967.001-R-1
PARCEL NO.: 15-18-302-058

The parties of record before the Property Tax Appeal Board are James Min, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,694
IMPR.: \$188,168
TOTAL: \$231,862

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,376 square feet of living area. The dwelling was constructed in 1993 and is approximately 29 years old. Features of the home include a basement, central air conditioning, three fireplaces and a 1,209 square foot garage. The property has a 34,690 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 4,717 to 4,960 square feet of living area. The dwellings are 29 or 30 years old and have basements, two with finished area. Each comparable has central air conditioning, one to six

fireplaces and a garage ranging in size from 730 to 1,016 square feet of building area. The comparables have improvement assessments that range from \$173,259 to \$210,763 or from \$36.03 to \$42.50 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$270,488. The subject property has an improvement assessment of \$226,794 or \$51.83 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of brick or brick and frame exterior construction that range in size from 4,070 to 4,479 square feet of living area. The dwellings were built from 1994 to 1996 and have basements with finished area, two of which are walkouts. Each comparable has central air conditioning, two or three fireplaces and a garage ranging in size from 728 to 985 square feet of building area. The comparables have improvement assessments that range from \$214,679 to \$239,412 or from \$51.34 to \$54.34 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #3 as well as the board of review comparables which have finished basement area unlike the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #4 which have unfinished basement area and are relatively similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments of \$190,913 and \$200,475 or \$39.30 and \$42.50 per square foot of living area. The subject's improvement assessment of \$226,794 or \$51.83 per square foot of living area falls above the improvement assessments of the two best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
