

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mi Jin Chang  
DOCKET NO.: 22-00970.001-R-1  
PARCEL NO.: 15-17-304-016

The parties of record before the Property Tax Appeal Board are Mi Jin Chang, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$75,294  
**IMPR.:** \$177,313  
**TOTAL:** \$252,607

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 4,210 square feet of living area. The dwelling was constructed in 1990 and is approximately 32 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 759 square foot garage. The property has a 43,570 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick or wood siding exterior construction ranging in size from 4,030 to 4,787 square feet of living area. The dwellings range in age from 27 to 33 years old and have basements with finished area. Each dwelling has central air

conditioning, one or two fireplaces, and a garage ranging in size from 782 to 901 square feet of building area. The comparables have improvement assessments ranging from \$136,118 to \$162,228 or from \$31.03 to \$34.53 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$252,607. The subject property has an improvement assessment of \$177,313 or \$42.12 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick or brick with frame exterior construction ranging in size from 4,099 to 4,380 square feet of living area. The dwellings were built from 1989 to 1993. Each home has a basement with finished area, central air conditioning, one fireplace, and a garage ranging in size from 825 to 874 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments ranging from \$180,959 to \$186,409 or from \$42.56 to \$44.57 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4 due to differences in dwelling size when compared to the subject. The Board gives less weight to board of review comparable #3 which has an inground swimming that is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and board of review's comparables #1 and #2 which are similar to the subject in location, dwelling size, age, and features. These comparables have improvement assessments that range from \$136,118 to \$182,711 or from \$33.78 to \$44.57 per square foot of living area. The subject's improvement assessment of \$177,313 or \$42.12 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
