

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gilda Silva  
DOCKET NO.: 22-00972.001-R-1  
PARCEL NO.: 15-17-303-003

The parties of record before the Property Tax Appeal Board are Gilda Silva, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$41,698  
**IMPR.:** \$127,656  
**TOTAL:** \$169,354

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,060 square feet of living area. The dwelling was constructed in 1988 and is approximately 34 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces and an 864 square foot garage. The property has a 41,818 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick or wood siding exterior construction ranging in size from 3,208 to 3,672 square feet of living area. The dwellings are 34 or 35 years old and have basements with finished area. Each dwelling has central air conditioning, one to

three fireplaces, and a garage ranging in size from 638 to 851 square feet of building area. Comparable #1 has an inground swimming pool. The comparables have improvement assessments ranging from \$107,599 to \$124,136 or from \$33.29 to \$33.81 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$169,354. The subject property has an improvement assessment of \$127,656 or \$41.72 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of frame or brick exterior construction ranging in size from 2,946 to 3,240 square feet of living area. The dwellings were built from 1986 to 1988 and have basements, with three having finished area. Each comparable has central air conditioning, one or two fireplaces, and a garage ranging in size from 626 to 910 square feet of building area. Comparable #1 has a hot tub. The comparables have improvement assessments ranging from \$127,916 to \$140,455 or from \$42.33 to \$43.67 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #2 due to differences in dwelling size when compared to the subject. The Board gives less weight to board of review comparables #2 and #4 which lack finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #4 as well as board of review's comparables #1, #3 and #5 which are similar to the subject in location, design, dwelling size, age, and features. These comparables have improvement assessments that range from \$107,599 to \$138,944 or from \$33.45 to \$43.67 per square foot of living area. The subject's improvement assessment of \$127,656 or \$41.72 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
