

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Srinivasan Muralitharan
DOCKET NO.: 22-00998.001-R-1
PARCEL NO.: 15-21-101-061

The parties of record before the Property Tax Appeal Board are Srinivasan Muralitharan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,017
IMPR.: \$131,709
TOTAL: \$169,726

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,571 square feet of living area. The dwelling was constructed in 1988 and is approximately 34 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 460 square foot garage. The property has a 9,055 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .61 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,322 to 3,494 square feet of living area. The dwellings are 30 to 34 years old and have basements with finished area. Each comparable has

central air conditioning and a garage with 460 or 462 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$98,550 to \$154,319 or from \$42.44 to \$44.65 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$169,726. The subject property has an improvement assessment of \$131,709 or \$51.23 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject and located within .79 of a mile from the subject. The comparables are improved with 2-story dwellings of frame or frame with brick exterior construction that range in size from 2,571 to 2,765 square feet of living area. The dwellings were built from 1989 to 1992 and have basements with finished area. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 420 to 759 square feet of building area. The comparables have improvement assessments that range from \$131,753 to \$144,664 or from \$51.25 to \$52.40 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #3 as well as board of review comparables #3 and #5 which are less similar to the subject in dwelling size.

The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #4 along with board of review comparables #1, #2 and #4 which are more similar to the subject in dwelling size and similar in location, design, age and features. These comparables have improvement assessments ranging from \$110,311 to \$134,088 or from \$43.12 to \$52.15 per square foot of living area. The subject's improvement assessment of \$131,709 or \$51.23 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
