

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Di Bello
DOCKET NO.: 22-01029.001-R-1
PARCEL NO.: 15-24-201-002

The parties of record before the Property Tax Appeal Board are Joseph Di Bello, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$66,489
IMPR.: \$134,589
TOTAL: \$201,078

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,267 square feet of living area. The dwelling was constructed in 1971 and is approximately 51 years old. The subject home has an effective age of 1974. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 484 square foot garage. The property has an approximately 20,038 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.85 of a mile from the subject. The comparables are improved with 2-story homes of frame or brick and frame exterior construction ranging in size from 2,945 to 3,686 square feet of

living area. The dwellings were built from 1963 to 1977 with effective ages ranging from 1972 to 1979. The comparables each have a basement with three of these having finished area. Each home has central air conditioning, one fireplace, and a garage that ranges in size from 483 to 968 square feet of building area. The comparables have improvement assessments ranging from \$96,919 to \$119,175 or from \$32.33 to \$34.18 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$108,138 or \$33.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$201,078. The subject property has an improvement assessment of \$134,589 or \$41.20 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and from 0.14 of mile to 1.19 miles from the subject. The comparables are improved with 2-story homes of frame or brick and frame exterior construction ranging in size from 3,064 to 3,265 square feet of living area. The dwellings were built from 1967 to 1976 with comparables #2, #4, and #5 having effective ages of 1972, 1973, and 1970, respectively. Four comparables each have an unfinished basement and comparable #3 is reported to lack a basement. Each home has central air conditioning, one or three fireplaces, and a garage that ranges in size from 506 to 800 square feet of building area. The comparables have improvement assessments ranging from \$135,122 to \$150,620 or from \$41.45 to \$46.33 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #4 which have finished basement area that is not a feature of the subject. The Board also gives less weight to board of review comparable #3 which lacks a basement, a feature of the subject, and board of review comparable #4 which has a hot tub, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments that range from \$99,740 to \$145,051 or from \$32.80 to \$44.55 per square foot of living area. The subject's improvement assessment of \$134,589 or \$41.20 per square foot of living area falls within the range established by the best

comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
