

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Blackburn
DOCKET NO.: 22-01043.001-R-1
PARCEL NO.: 15-09-105-012

The parties of record before the Property Tax Appeal Board are John Blackburn, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,168
IMPR.: \$144,036
TOTAL: \$181,204

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,693 square feet of living area. The dwelling was built in 1989 and is approximately 33 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a garage with 441 square feet of building area. The property has an approximately 13,291 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and within 0.22 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,884 to 3,060 square feet of living area. The homes range in age from 31 to 33 years old. The comparables each have a basement with

three having finished area. Each dwelling has central air conditioning, one fireplace, and a garage with either 462 or 651 square feet of building area. The comparables have improvement assessments ranging from \$133,004 to \$139,424 or from \$45.56 to \$47.58 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$125,042 or \$46.43 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$181,204. The subject property has an improvement assessment of \$144,036 or \$53.49 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.24 of a mile of the subject. The comparables are improved with 2-story dwellings of frame exterior construction each containing 2,693 square feet of living area. The homes were built in either 1989 or 1992. The comparables each have a basement with four having finished area. Each dwelling has central air conditioning, one fireplace, and a garage with 441 square feet of building area. The comparables have improvement assessments ranging from \$144,548 to \$149,891 or from \$53.68 to \$55.66 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions. The Board gives less weight to the appellant's comparables which are less similar to the subject in dwelling size than other comparables in this record. The Board finds the best evidence of assessment equity to be the board of review comparables which are identical or nearly identical to the subject in location, design, age, dwelling size, and most features. However, four of these board of review comparables have basement finish, unlike the subject's unfinished basement, suggesting a downward adjustment for this difference would be necessary to make them more equivalent to the subject. The Board gives most weight to board of review comparable #1 which has an unfinished basement, like the subject. These comparables have improvement assessments that range from \$144,548 to \$149,891 or from \$53.68 to \$55.66 per square foot of living area. The subject's improvement assessment of \$144,036 or \$53.49 per square foot of living area falls below the range established by the best comparables in this record as well as board of review comparable #1. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
